FOAL PURCHASING
INFORMATION - PLEASE READ
CAREFULLY

Included in the price of our weanlings is appropriate registration papers, along with a signed transfer sheet, current negative Coggins , interstate health papers written up by a licensed veterinarian, deworming, vaccinations of the new owners choice, and a halter and lead rope for transport..

DEPOSIT POLICY

Foals are sold on a first come, first serve basis. When you have picked out your foal, notify us by a phone call or email. We will send you a purchase agreement which is to be filled out and returned to us, along with a deposit of 50% of the purchase price. We will accept a personal check, certified check, bank draft or money order, or credit cards through PayPal for deposits. Any type of check or money order should be sent via USPS Priority Mail, with Delivery Confirmation, or UPS or FedEx overnight. Email us the tracking number. If we do not receive the delivery confirmation/tracking number on money sent, we will not consider this horse as "reserved" and it will be subject to be sold until funds are received.

DEPOSIT REFUND

If we are not completely satisfied with the health and over-all appearance of any foal, we will not allow the horse to be purchased. If we are not satisfied with the horse's development at any time prior to delivery we will cancel the sale and refund 100% of the deposit to the buyer. If the horse is injured, or becomes ill prior to delivery, we will cancel the sale and refund 100% of the deposit, or transfer the deposit to another horse of your choice, depending on availability. **If the client changes their mind and no longer wishes to purchase their horse, no refund of deposit will be possible.**

PURCHASE POLICY

We require final payment (50%) prior to August 15th. Final payment may be made by PayPal, Certified Check, Bank Draft or any Financial Institution money order sent via USPS Priority Mail with Delivery Confirmation. Sorry but we cannot accept a personal check as final payment unless the check is allowed to clear well in advance to the departure of the horse. If sending money via USPS, please email us the delivery conformation tracking number. All horses must be "PAID IN FULL" before they leave the ranch. Failure to provide full payment before arranging delivery will result in the loss of your deposit and your reserve for the horse that you have chosen.

TRANSPORT and BORDER FEES

Foals may leave the ranch on or after August 20th. They will be weaned and halter broke by this time. We will keep your foal free of charge until September 30th, so there is plenty of time to make transport arrangements. We are very busy with our ranch and competition schedules, so it is recommended that you make your own shipping arrangements. We have several reputable commercial haulers that we have used in the past, please contact us for their information or go to www.travelinghorse.com to get free hauling quotes. Of course, buyers are always welcome to pick their own horse up at the ranch! The buyer is responsible to make arrangements with the hauler and is responsible for the payment to the hauler.

The foal is the sole responsibility of the buyer from the time it is paid for in full. We will keep your foal at the ranch free of charge until September 30th, (or for 30 days past the date on the original purchase agreement, whichever comes LATER) however, we will not be responsible for sickness, injury, or death of a foal that has been fully paid for and left at the ranch. We strongly recommend mortality insurance on foals that are paid for in full and left at the ranch.
